

BONIFACIO H.

MIDLAND, TX.

Skills Summary

- Mechanical, Hydraulic & Electrical Repairs
- Preventative & Corrective Maintenance
- Field Service & Equipment Troubleshooting
- Water Transfer Operations
- Vehicle Customization & Shop
- Management
- Dispatching & Field Coordination
- Customer Service & Team Supervision
- Inventory & Parts Management

Experience

Field Service Technician | Superior Industries

August 2021 – Present

Midland, TX

- Install, service, and maintain frac and mining equipment, ensuring optimal client performance.
- Rebuild screens, conveyor belts, and key components to extend equipment life.
- Diagnose and repair mechanical, hydraulic, and electrical issues on-site.
- Conduct inspections and preventive maintenance according to safety standards.
- Support clients with equipment training and ensure accurate service documentation.

Water Transfer Operator | Orbit Construction

October 2020 – August 2021

Midland, TX

- Operate and maintain water transfer systems for oilfield operations.
- Set up and monitor pumps, pipelines, and flow systems to meet frac site demands.
- Track flow rates, conduct routine maintenance, and troubleshoot field equipment.
- Coordinate logistics and schedules with drilling and frac teams.

Dispatcher / Pusher | 7X Oilfield Services

January 2019 – December 2019

Midland, TX

- Dispatched drivers and equipment for oilfield service routes and deliveries.
- Maintained communication between drivers, field crews, and management.
- Planned efficient routing to reduce fuel use and ensure on-time service.
- Completed daily logs, delivery records, and incident reports.

Shop Manager | Complete Customs

October 2017 – January 2019

Midland, TX

- Managed operations of custom automotive shop; supervised staff and project flow.
- Ordered and maintained inventory of lift kits, rims, wheels, and accessories.
- Oversaw installation and modification of custom vehicle builds.
- Ensured quality control, safety compliance, and timely project delivery.

Shop Manager | Advance Kwik Lube

Aug 2014 – Oct 2017

Midland, TX

- Led day-to-day operations of fast-paced oil change shop.
- Scheduled staff and managed customer appointments.
- Trained employees and ensured quality control on all services.
- Maintained inventory of oil, filters, and auto service supplies.
- Monitored shop safety, cleanliness, and equipment upkeep.

Education

High School Diploma | Robert E. Lee High School – Midland, TX

JIMMIE J.

MIDLAND, TX.

Skills Summary

- Forklift
- PEC Card
- Man Basket
- OSHA 10
- Tractor-Trailer Operation
- Field Service Operations
- Flatbed Transportation
- Rigging

Experience

Field Service Manager | Lynch Creek Services

February 2022 – Present
Andrews, TX

- Performed pre- and post-trip inspections of commercial vehicles
- Monitored compressors, pumps, and load demands
- Oversaw rig up/rig down operations and job site preparation
- Supervised crew and ensured job readiness and safety compliance
- Coordinated logistics for equipment mobilization and site access
- Trained new hires on operational procedures and safety protocols
- Ensured daily reports and logs were accurate and submitted on time

Pump Operator | PetroStar Services, LLC

August 2019 – February 2022
Midland, TX

- Maintained and repaired pumping units
- Managed rig up/rig down and toe prep services
- Handled customer relations and regulated pump pressure
- Supervised job sites and ensured crew safety
- Performed hydraulic testing and pressure monitoring
- Diagnosed malfunctions and conducted corrective maintenance
- Communicated with engineers and operators to optimize performance

Frac Hand | FTS International

February 2016 – September 2019
Odessa, TX

- Installed, maintained, and repaired hydraulic and electrical equipment
- Monitored pressure, fluid density, and system rates during operations
- Operated high-pressure pumps and blending units on job site
- Maintained safety and compliance with company and OSHA standards
- Collaborated with team members to ensure smooth operations
- Assisted with troubleshooting and mechanical adjustments in the field

CDL Class A Driver | MFT Transport

January 2013 – September 2016
Natchitoches, LA

- Operated commercial vehicles including pumps and blenders
- Performed lead duties on job site and managed fluid delivery
- Conducted pre-trip inspections and maintained driver logs
- Assisted with rigging operations and secured equipment transport
- Communicated with dispatch and field supervisors to meet schedules
- Maintained vehicle cleanliness and safety equipment

Education

High School Diploma | Fair Park High School, Shreveport, LA

ADRION C.

MIDLAND, TX.

Skills Summary

- Hydraulic Fracturing Operations
- Oilfield Services & On-Site Support
- Equipment Repair & Maintenance
- Hand & Power Tools Proficiency
- Flowback Operations
- Chemical Mixing & Handling
- Safety Protocols & Spill Containment
- Pressure Testing & Pressure Control
- H2S Awareness & Hazard Identification
- Confined Space Entry & Lockout/Tagout
- Fire Safety Management & Fall Protection
- Rig Up / Rig Down Procedures
- Heavy Machinery Operation

Experience

Shop Technician

Feb 2023 – Dec 2024

Midland, TX

- Maintained detailed records of repairs and maintenance tasks.
- Followed standard operating procedures for shop repairs and preventive maintenance.
- Cleaned, lubricated, and greased mechanical parts to ensure optimal function.
- Communicated job progress effectively with supervisors.
- Tested repaired equipment for operational efficiency before deployment.
- Assisted with inventory control and parts ordering to minimize downtime.
- Ensured compliance with safety guidelines and PPE use during all shop operations.

Field Service Technician | Ace Fluid Solutions

Jul 2020 – Nov 2022

Odessa, TX

- Performed routine and emergency maintenance on pumps, valves, motors, and related equipment.
- Inspected job sites for safety hazards and ensured compliance with safety protocols.
- Documented service activities and completed job-related paperwork accurately and on time.
- Collaborated with team members to troubleshoot and resolve complex field issues.
- Conducted preventative maintenance and replaced faulty components using blueprints and diagrams.
- Provided training to new technicians on standard maintenance and safety practices.
- Operated service trucks and mobile equipment to transport tools and components to job sites.

Education

2019. High School Diploma

BRIAN R.

ODESSA, TX.

Skills Summary

- Expert in Computer Hardware & Networking
- Field Service & Technical Support
- Diesel Engine Repair (CAT, Detroit)
- Vehicle Maintenance & Diagnostics
- Microsoft Word & Office Tools
- Active Directory Administration
- Electrical & Network Installation
- Team Collaboration & Safety Compliance
- Customer-Focused Troubleshooting
- Inventory Management & Software Ticketing

Experience

Field Service Technician | SPM Oil and Gas

November 2023 – Present

Midland, TX

- Assist in the safe installation, repair, and servicing of drilling rig equipment.
- Support pre-job inspections and equipment pre-checks to ensure job readiness.
- Follow JSA (Job Safety Analysis) and POWRA (Point of Work Risk Assessment) protocols.
- Maintain SPM assets in accordance with company policies.
- Demonstrate integrity, safety, and strong customer service on all job sites.
- Participate in 24-hour on-call rotation for emergency field service needs.

Service Technician | Bobby Cox Companies – Field Operations

December 2021 – October 2023

- Maintained and repaired computer hardware and digital signage systems (TVs, menus, etc.).
- Installed software, network switches, Sonicwalls, and access points.
- Managed IT inventory and on-call service rotations.
- Traveled to various cities across Texas for support and installations.
- Configured and imaged devices, installed security tools, and supported remote access.

Mail Carrier | United States Postal Service

April 2016 – August 2021

- Organized and delivered mail and packages on structured delivery routes.
- Ensured timeliness and accuracy in high-volume deliveries.

Diesel Mechanic | Double X Diesel

August 2014 – April 2015

Odessa, TX

- Rebuilt Caterpillar and Detroit diesel engines and related components.
- Performed diagnostics, repairs, and maintenance on heavy-duty engines.

Driver / Equipment Maintenance | Chaparral

May 2011 – October 2011

Odessa, TX

- Delivered oilfield equipment and performed basic mechanical repairs.
- Supported field operations and assisted with administrative computer tasks

Education

2012. University of Texas of the Permian Basin | Studied Computer Science

2010. Citizens High School | High School Diploma

BRIAN M.

ODESSA, TX.

Skills Summary

- Hydraulic Fracturing Equipment Maintenance
- Mechanical Troubleshooting
- Forklift Operation & Warehouse Logistics
- Automotive Repair
- Pressure Control & Torqueing
- Spray Foam Insulation
- Safety & Security Procedures
- Heavy Equipment Parts Handling
- Man Lift / Telehandler Operation

Experience

Field Technician | Crude Energy Services

May 2023 – Present

Odessa, TX

- Perform maintenance, repair, and installation of hydraulic fracturing equipment.
- Inspect, troubleshoot, and service frac power ends and fluid ends.
- Assist with frac setup and teardown on job sites, ensuring safe and efficient operations.

Field Tech | Paloma Pressure Control

February 2023 – April 2023

Midland, TX

- Performed torque and testing procedures on pressure control equipment.
- Operated man lifts and telehandlers for nipple up/down operations.

Spray Foam Installer | Entertek

March 2022 – February 2023

Amarillo, TX

- Installed spray foam insulation in residential settings.
- Conducted equipment maintenance and site cleanup.

Mechanic Helper | Sticks Automotive

July 2018 – November 2022

Tulia, TX

- Assisted in automotive repairs including oil changes, brake jobs, and tire repairs.
- Helped with engine teardown and rebuilding tasks.

Forklift Operator | Walmart Distribution Center

April 2020 – Mar 2022

Plainview, TX

- Operated forklifts to load and unload pallets.
- Ensured safe handling and storage of goods in a high-volume warehouse.

Jailer | Swisher County Sheriff's Department

March 2019 – March 2020

Tulia, TX

- Oversaw inmate booking, fingerprinting, cell inspections, and releases.
- Maintained safety and order in a correctional facility.

Parts Driver | Warren CAT

Jul 2018 – Mar 2019

Odessa, TX

- Delivered and stocked parts for heavy equipment service and repair operations.

Education

2014. High School Diploma | Turkey Valley High School, Turkey, TX

DONNETT P.

MIDLAND, TX

Skills Summary

- Natural Gas Compressor Overhauls and Maintenance
- CAT 3300–3616, Waukesha F18 & 5 Series, Cummins KTA
- Ariel JGQ–JGE Compressors, GE, White Superior Frames
- Mechanical and Electrical Troubleshooting
- Diesel Engine Repair and Maintenance
- Automation and PLC/HMI Programming
- Electrical Wiring and VFD Installation
- Preventive and Major Maintenance
- SAP and Schematic Interpretation
- Hydraulics and Generator Repair
- Welding and Hand Tool Operation

Experience

Field Service Mechanic | T² Energy Services

March 2024 – Present

Midland, TX

- Performed 3rd party overhauls and engine swings for CAT 3516/Ariel and Wauk 7042/Ariel compressor packages
- Oversaw night operations across multiple WTG gas processing plants

Field Service Technician | J-W Power Company

September 2023 – January 2024

Odessa, TX

- Maintained rental compression fleet including CAT, Waukesha, Cummins, and electric motors up to 400HP
- Responded to field callouts and diagnosed mechanical and electrical issues

Field Service Technician | K&R Operating

January 2023 – September 2023

Midland, TX

- Performed preventive and major maintenance on rental fleet compression units
- Handled emergency callouts and system troubleshooting

Field Service Mechanic | S&R Compression –

August 2019 – January 2023

Tulsa, OK

- Commissioned and repaired gas and electric VRU compressor packages
- Troubleshot electrical, automation, and mechanical issues independently

Mechanic | NGSG

February 2019 – July 2019

Odessa, TX

- Conducted pickling and VCI of yard-stored natural gas compressors
- Bypassed PCM systems for internal oil coating using safe practices

Automotive/Diesel Mechanic (Self-Employed)

December 2015 – February 2019

Midland, TX

- Diagnosed and repaired personal vehicles and occasional diesel engines including C-9, CAT 3306/3406, Cummins 12/24V

Education

Energy Technology | Midland College, Midland, TX

BRITON L.

ODESSA, TX.

Skills Summary

- A+ Test Ready
- MCTS Certified
- DNS/DHCP
- IPv4/IPv6
- Cisco Routers/Switches
- VMS Servers
- Fiber Optic Cabling
- Copper Cabling
- Cat 5e
- PoE Systems
- Wireless Systems
- NAS/SAN
- CCTV (Pelco, Bosch)
- DVR DX Systems
- IP Cameras
- Security Systems
- Soldering
- DCU Wizard
- Stewart & Stevenson
- Vega
- ThermoFisher
- Cummins Insite
- CAT ET

Experience

Field Electronics Technician III | Catalyst Energy Services

May 2024 – November 2024

Odessa, TX

- Performed preventative maintenance and calibration on fracturing equipment
- Assembled and repaired electronic components, installed DAQ systems
- Diagnosed electronic issues, completed wiring and rig up of pumps/control boxes

Electronics Technician | Liberty Oil Field Services

October 2022 – April 2024

Odessa, TX

- Inspected and maintained frac equipment communication systems
- Diagnosed, repaired, and ensured LOTO compliance and site shutdown procedures

Electronics Technician III | NextTier Oilfield Solutions

June 2022 – October 2022

Odessa, TX

- Maintained and repaired 12/24V DC systems, sensors, and hydraulic components
- Calibrated instrumentation and performed software upgrades
- Diagnosed network and equipment issues using schematics

Field Electronics Technician III | ProFrac Services

December 2018 – June 2022

Odessa, TX

- Field troubleshooting of electronic and DAQ systems
- Wired and installed control boxes, pumps, blenders, and TCVs

Maintenance Electronics Technician | Amerit Fleet Solutions (Schlumberger)

July 2018 – October 2018

Midland, LA

- Maintained and repaired electronic, diesel, hydraulic, and computer-based systems

Cable Technician | Grayco Communications

November 2017 – July 2018

Broussard, LA

- Installed and upgraded broadband services, resolved connectivity issues onsite

Education

Some College Coursework – Engineering & Electronics

JAMES H.

MIDLAND, TX.

Skills Summary

- Diesel Engine Diagnostics & Repair
- Electrical & Aftertreatment Systems
- Preventive Maintenance & DOT Inspections
- Powertrain & Suspension Systems
- Welding & Fabrication
- Customer Communication & Field Service
- Forklift Operation
- Hydraulic & Pneumatic Systems

Experience

Diesel Mechanic Technician | ProFrac Services

January 2025 – Present

Midland, TX

- Repaired and maintained tractors, pumps, and mechanical systems.

Electrical Technician | Mercedes-Benz U.S. International

January 2023 – February 2025

Vance, AL

- Conducted electrical diagnostics and troubleshooting for automotive systems.

Mobile Technician | Interstate Truck Center

March 2022 – January 2023

Alabama

- Handled emergency repairs, tracked inventory, and completed a variety of diesel repairs.

Hot Shot Driver | PWR

March 2022 – February 2023

- Performed time-sensitive deliveries and maintained vehicle readiness.

Mechanic Tech I | Schlumberger

July 2021 – March 2022

Midland, TX

- Inspected and repaired oilfield equipment; completed field calls and diagnostics.
- Completed internal training in engine, transmission, electrical, and hydraulics.

Mechanic Tech II | Foley Equipment

February 2021 – July 2021

- Conducted PMs, electrical troubleshooting, suspension, and transmission repairs.

Service Advisor | Lee's Summit Volkswagen

May 2020 – February 2021

- Sold vehicles and communicated with clients under pressure, enhancing communication skills transferable to technical roles.

Mechanic Tech I | Schlumberger

July 2018 – March 2020

- Same role as previously listed with additional COVID-19 layoff.

Bus Technician | Durham School Services

October 2017 – July 2018

- Performed inspections and roadside repairs for school buses.

Education

2015. A.A.S. in Diesel Technology | Wallace State Community College, Hanceville, AL

JAMES H.

MIDLAND, TX.

Skills Summary

- Diesel Engine Diagnostics & Repair
- Electrical & Aftertreatment Systems
- Preventive Maintenance & DOT Inspections
- Powertrain & Suspension Systems
- Welding & Fabrication

- Performed inspections and roadside repairs for school buses.

Education

2015. A.A.S. in Diesel Technology | Wallace State Community College, Hanceville, AL

KEVIN H.

MIDLAND, TX.

Skills Summary

- Diesel & Natural Gas Engine Repair
- Generator Diagnostics & Maintenance
- Offshore & Marine Engineering
- Hydraulic & Pneumatic Systems
- Voltage Regulation & Synchronizing Equipment
- Mechanical & Electrical Troubleshooting
- Equipment Rebuilds & Overhauls
- Forklift & Power Tools Operation
- Reading Schematics & Technical Manuals
- Heavy Equipment & Crane Maintenance

Experience

Generator Technician | Moser Energy (via Aerotek)

July 2024 – Present

Midland, TX

- Inspect, diagnose, and repair industrial natural gas generators
- Plan and execute preventative maintenance, rebuilds, and major overhauls

Shop Mechanic Level 3 | EquipmentShare

December 2023 – June 2024

Baytown, TX

- Maintain and repair rental equipment with mechanical, electrical, diesel, and hydraulic systems
- Ensure compliance with safety and service standards in a fast-paced shop environment

Microgrid Mechanical Technician | Enchanted Rock

October 2022 – June 2024

Houston, TX

- Maintain fleet of Microgrid generators for continuous on-demand electricity
- Troubleshoot control systems using OEM software; perform predictive and preventive maintenance
- Repair diesel engines, generator armatures, voltage regulators, and synchronizing equipment

Chief Engineer | Whittier Seafood

June 2021 – September 2022

Whittier, AK

- Maintained and operated all onboard machinery on a 67-year-old vessel
- Logged service data, tracked engine hours, and monitored fuel usage
- Performed overhauls of diesel, hydraulic, and pneumatic systems

Engineer | Gulf Resource Management Inc.

June 2020 – May 2021

New Iberia, LA

- Oversaw operation and repair of diesel engines, generators, plumbing, and electrical systems
- Conducted workload planning and determined equipment requirements

Engineer | Romeo Papa Offshore

March 2019 – June 2020

Houma, LA

- Performed offshore repairs on diesel engines, pumps, control systems, and pneumatic tools
- Executed major overhauls and preventive maintenance tasks

Education

High School Diploma.

BENINGNO N.

MIDLAND, TX.

Skills Summary

- Maintenance & Equipment Repair
- Forklift & Heavy Equipment Operation
- Automotive Repair & Diagnostics
- Electrical & Low Voltage Systems
- Leadership & Mentoring
- Schematics & Blueprint Reading
- Suspension & Brake Repair
- Welding (MIG, 5P low high)

Experience

Maintenance Technician | Liberty Oil Field Services

August 2022 – Present

Midland, TX

- Maintained farm equipment and performed repairs such as PM services, power end swings, and transmission swings.
- Repaired broken parts, seals on the power end, transmission, and motor.
- Certified in AFEX, CAT engines, and M2 classes.
- Worked on tractors, performing oil changes, brake jobs, wheel seals, airlines, and more.

Shop Manager | A&N Automotive

June 2020 – August 2022

Midland, TX

- Oversaw all work coming in and out of the shop while working hands-on with the team.
- Completed engine work, transmission swaps, suspension work, and various other automotive repairs.
- Managed invoices, and paperwork, and ensured the shop maintained a clean and organized environment.

Lead Repair Technician | NOV

July 2017 – June 2020

Odessa, TX

- Rebuilt pumps and top drives, and performed yearly and 5-year maintenance.
- Assisted in motor swaps, RLA rebuilds, and shot pin rebuilds.
- Led and mentored a team, guiding while maintaining high standards and ensuring compliance with company procedures.

Yard Hand | Sunstate Equipment Company

May 2015 – June 2017

Odessa, TX

- Worked with heavy equipment, including front-end loaders, forklifts, and boom lifts.
- Certified in heavy equipment and sky lifts.
- Managed rental returns and prepared equipment for customer pick-up.

Electrician Apprentice | Tessco

2012 – 2015

Midland, TX

- Worked on pump jacks, wiring panels, and maintaining services to ensure optimal performance.
- Gained a strong understanding of electrical systems.

Welder | Permian Tank & Manufacturing

2011 – 2012

Odessa, TX

- Welded 500 bbl tanks using 5P low-high MIG welding techniques.

Education

High School Diploma | Robert E. Lee High School

LANDRY B.

ODESSA, TX.

Skills Summary

- Diesel & Hydraulic Repair
- Electrical Diagnostics & Rewiring
- Heavy Equipment Maintenance
- Engine Overhaul
- Reading Schematics & Blueprints
- Field Service & Customer Support

Experience

Field Technician | Advantage Equipment

November 2023 – Present

Gardendale, TX

- Diagnose, repair, and maintain equipment (Komatsu, John Deere, CAT, Skyjack)
- Perform preventative maintenance, electrical troubleshooting, and hydraulic system repairs

Field Diesel Mechanic | ASCO Equipment

March 2023 – November 2023

Odessa, TX

- Repaired JLG, Genie, JCB, and Volvo machines
- Conducted full inspections, diagnostics, and component overhauls

Field Diesel Mechanic | EquipmentShare

August 2022 – March 2023

Midland, TX

- Serviced Sany, Kubota, Takeuchi, and John Deere equipment
- Rebuilt hydraulic and mechanical systems to spec

Field Technician | Ahern Rentals

September 2020 – August 2022

Odessa, TX

- Performed repairs on JLG, XCMG, Extreme, Case, and Snorkel units
- Interpreted blueprints, diagnosed faults, and rebuilt components

Diesel Field Tech | ASCO Equipment

March 2018 – 2020

Odessa, TX

- Serviced Volvo, CAT, JCB, and Doosan machinery both in-shop and in-field
- Diagnosed systems using calibration/test devices and micrometers

Diesel Field Tech | Penske Truck Leasing

May 2016 – March 2018

Odessa, TX

- Repaired Detroit, Cummins, Duramax & Powerstroke engines
- Performed DOT-level inspections, rewiring, HVAC, and fuel system diagnostics

Diesel Mechanic | Western Auto

May 2014 – May 2016

Odessa, TX

- Conducted preventive maintenance and brake, steering, and suspension repairs
- Used power and precision tools for equipment and vehicle diagnostics

Education

2015. High School Diploma | Permian High School, Odessa, TX

MCJOVENS F.

MIDLAND, TX.

Skills Summary

- Diesel Engine Repair
- Generator Systems & Load Bank Operation
- Electrical & A/C Diagnostics
- Preventive Maintenance & PM Checklists
- Tire Mounting, Balancing, and Suspension Repairs
- Team Leadership & Task Delegation
- Transmission Replacement
- Leak Detection
- Brake Systems
- Hand Tools
- Diagnostic Software
- Voltage Testing

Experience

Generator Technician / Shop Foreman | Montco Oilfield Solutions

October 2023 – Present

Midland, TX

- Maintain and troubleshoot diesel generators (Cummins)
- Operate load banks, use Cummins Insite, and inspect trailer-mounted units
- Oversee staging, dispatch, and rental readiness of fleet units
- Perform final inspections: check lights, leaks, kits, and safety gear
- Assign tasks, ensure productivity, and provide daily updates to management
- Inspect generator ends, circuit breakers, voltage regulators, and wiring
- Monitor long-term service intervals and manage maintenance records
- Ensure all safety procedures are followed and inspections are documented

Mechanic | Rolfson Oil

April 2022 – September 2023

Odessa, TX

- Performed routine maintenance, tire services, and electrical diagnostics
- Repaired heating, A/C, suspension, fuel systems, and drivetrain components
- Replaced transmissions and engine parts (Powerstroke & Duramax engines)
- Diagnosed DEF contamination issues and restored engine performance
- Performed engine component swaps in field and shop environments
- Used diagnostic tools to troubleshoot electrical and fuel systems
- Assisted in rebuilding hydraulic and cooling system components

Education

2021. College Degree in Automotive & Diesel Technology | Lincoln College of Technology, Denver, CO.

DAMON V.

ODESSA, TX.

Skills Summary

- Diesel Engine Repair
- Mechanic Experience
- Automotive Diagnostics
- Mechanical Knowledge
- CAD
- Welding
- Blueprint Reading
- Computer Networking
- Equipment Repair
- Lathe Operation

Experience

Mechanical Technician | SLB

April 2021 – March 2025

Midland, TX

- Lead technician in the department, training multiple team members in welding and assembly processes.
- Served as the main welder in the shop and trained others in welding techniques.
- Operated a lathe and manufactured parts as needed.
- Built, dismantled, repaired, and tested pumps and gas separators.
- Assembled mechanical components and subassemblies according to blueprints, diagrams, and work instructions.
- Performed quality checks on finished products to ensure adherence to specifications.
- Maintained a clean and organized work area to promote efficiency and safety.
- Provided support by traveling to other shops and assisting with tasks.
- Diagnosed and repaired mechanical issues, contributing ideas for continuous improvement.
- Worked with cross-functional teams to meet production goals and ensure compliance with safety guidelines.

Diesel Mechanic | Liberty Oilfield Services

January 2021 – March 2021

Midland, TX

- Performed routine maintenance and repairs on diesel engines to ensure optimal performance.
- Diagnosed and resolved mechanical issues using diagnostic tools and equipment.
- Maintained accurate records of repairs and ensured compliance with safety and environmental regulations.
- Worked with a team to prioritize tasks and minimize downtime.

Engineman | United States Navy, USN

June 2019 – July 2020

San Diego, CA

- Measured and tested fuel and oil samples to ensure they met safety standards.
- Performed routine maintenance and repairs on diesel heavy equipment, including engines, transmissions, brakes, and hydraulic systems.
- Diagnosed mechanical issues and conducted regular inspections to prevent breakdowns.
- Rebuilt engines and replaced faulty parts to extend equipment lifespan.
- Collaborated with other mechanics to troubleshoot complex issues and improve efficiency.

Education

High School Diploma | Permian High School, Odessa, TX

ALAN C.
HOUSTON, TX.

Skills Summary

- Industrial Maintenance Expertise
- PLC Programming
- Mechanical and Electrical Systems
- Preventative Maintenance
- Hydraulic and Pneumatic Systems
- Safety & Compliance
- Fabrication & Tooling
- Software Proficiency
- Heavy Machinery Operation

Experience

E&I Technician | Georgia-Pacific

October 2021 – Present
Sweetwater, TX

- Maintain, troubleshoot, and repair electrical control systems, instrumentation, and electronic circuits including motor controls, relay logic, AC/DC drives, and low-voltage switchgear.
- Troubleshoot electrical systems using analytical field skills and document all maintenance activities.
- Install and make changes to industrial electrical equipment, including automated systems and machinery.
- Perform preventative maintenance (PMs) on electrical, hydraulic, and pneumatic systems.
- Ensure strict adherence to safety protocols and wear appropriate PPE at all times.
- Trained in troubleshooting and repairing Automated Guided Vehicles (AGV).

Industrial Maintenance Technician | Frito Lay

November 2013
Rosenberg, TX

- Operate and maintain automated machinery, including PLCs, and hydraulic devices, ensuring smooth plant operations.
- Manage raw and processed material ordering, maintaining proper tonnage levels.
- Expert in operating heavy machinery such as sit-down forklifts, stock pickers, and standing trucks.
- Maintain 99% plant efficiency by ensuring safety protocols and effective communication with managers and team members.

Maintenance Technician | Frito Lay

May 2019 – May 2020
Fort Bend County, TX

- Gained hands-on experience in industrial maintenance, including PLC programming, hydraulics, motor control, pneumatics, and plumbing.
- Troubleshot and repaired machinery to ensure continuous production and minimize downtime.

Mover/Packer | Graebel Van Lines

2010 – January 2012
Houston, TX

- Managed client communications regarding the relocation of goods and services.
- Operated forklifts for warehouse inventory management and categorization of materials.
- Promoted company services and fostered teamwork in the workplace.

Education

2020. Associate in Industrial Maintenance | Texas State Technical College-System, Fort Bend County, TX
